

Ultima[®] CI-80

modular and versatile

Totally modular and versatile, it is the most complete adjustable shelving package and small part storage system available. Its flexibility allows it to grow as your business grows. Start simply and add on later, to the side, at the rear or even upwards. With a complete range of accessories the applications for this product are unlimited. Ultima CI-80 can even be mounted on Compactus mobile bases and runners.

Ideal for

- Single tier, two tier application
- Compactus mobile storage solution
- Light to medium weight small items

Ultima[®] CI-80 accessories

Back Bracing

Back bracing can be used if bays with open backs are required.

Mesh Back

Mesh back cladding is used to enclose the rear of bays whilst allowing ventilation and visibility.

Binning Dividers

Create pigeon holes with bright silver binning dividers.

Files and Labels

A complete range of files, labels and fasteners are available.

Suspension Filing Drawer

Suspension filing drawer is designed to suit drop-in suspension files.

Pull-Out Reference Shelf

Pull-out reference shelves provide an instant work top.

Suspended Filing Rack

Suspended filing rack simply slips to support files and promotes longer lateral file life.

Suspended Divider/ Lateral Pockets

Unique shelf design for suspended dividers and lateral pockets.

Shelf Divider

Slotted shelf secures shelf dividers.

Shelf Bins

Create 'drawer like' access or small parts storage.

Coat Rail

Coat rail for clothes and other hanging devices.

Lockable swing doors

Door kits to secure contents of shelving.
